

GameState::update

MainMenuState::update

State::updateMousePositions

```
graph LR; A[GameState::update] --> C[State::updateMousePositions]; B[MainMenuState::update] --> C;
```

The diagram illustrates a call relationship between three functions. On the left, two white rectangular boxes are stacked vertically. The top box contains the text 'GameState::update' and the bottom box contains 'MainMenuState::update'. On the right, a gray rectangular box contains the text 'State::updateMousePositions'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'GameState::update' and 'MainMenuState::update' call 'State::updateMousePositions'.
